Wilson Wins.

Tuesday, election day, was a very quiet time about Clay City and it must have been the same all over the United States, for the people seem to have sanely chose the retention of a very sober man in the White House. The majority is small, but the odds to overcome were great.

Kentucky is Democratic by close on to 30,000 majority; Powell county is Democratic by 188, the largest Democratic majority in recent years. Clay City gave a majority of 65 votes.

When such states as Ohio goes to the good to the tune of 30,000 Democratic majority, it sounds like real prosperity. Not, however, that all Democrats are always good, but that President Wilson is unquestionably the safest available man in this government today.

It is not to be claimed that this country has gone Democratic, but must be admitted that the election of Wilson shows that the voters are arising above petty politics to independently vote for the man and principles that best suit them even though it is against the party of their tradition.

Claims Mountain Land.

Mrs. Lee Childers, a niece of Jesse W. Jones, deceased, former postmaster at Union Hall, and Mexican soldier, is laying claim to his land about Union Hall, which is in the rich oil territory. When Mr. Jones died a few years ago at the advanced age of ninety years, he left his land to two negro children that he had raised in his home. Mrs. Childers will claim that her uncle's dote age incapacitated him to make a will.

Thanksgiving Turkey.

The indications are that the Thanksgiving turkey will be very high this year. Buyers have not yet shown up in Powell, but we have heard it rumored that this choice bird will go to 20 cents per pound on foot when the market opens at the proper time. We hope this is true for we have a far greater interest, in a general way, in the producers of the bird than we have in the consumers of the bird.

The Kentucky Magazine.

The Kentucky Magazine, published at Louisville and Lexington has made its appearance, and is a publication worthy its name and a generous support from the people of the State, but will they give it?

The Pleasure Will All be Ours.

If we make any mistake in stating facts don't fail to call our attention to that mistake. We can do, that just as well as you can tell it to a few, and the pleasure will all be ours.

Calls Pastor.

Elder J. T. Turpin was again called to the pastorate of Powell Valley Baptist church Saturday night. Bro. Turpin is held by the membership of this church in the very highest esteem.

The Right Step for Roads.

The Estill County Fiscal Court held a special term of court at Irvine Wednesday, and among other important matters laid the foundation for the only successful way for that county as other mountain counties, to get good roads. The Court passed an order for the county to put up \$500 when the citizens of the county put up \$2,000 for the improvement of any inter-county seat road. It was understood that Richmond road people were ready with the necessary dough to put up the people's part of the cash.

If the Powell County Court would only be so liberal we would soon have turpikes radiating from Clay City in every direction.

All But the Roads.

The way Whitt has been selling automobiles lately it seems that all that can be lacking for a continuation of this business is nothing but the roads to run them over during the winter months. So now if Henry Ford and the gasoline makers would get busy and help the home folks build some roads, there would soon be something doing in old Powell in the way of travel.

Eaton-Mahone.

Wm. Eaton, our town marshal, and Miss Sallie Mahone, of Richmond, were married at the Clay City Hotel, this city, Wednesday afternoon, by the Rev. M. S. Wilson, pastor of the Methodist church. The bride is a daughter of Wm. Mahone, who lived in this city several years ago. For the past ten years she had been a trained nurse.

Farmers Busy.

Farmers at this time are very busy gathering their corn. The continued dry weather enables them to crib it a little greener than common. This condition should not be too strongly relied upon, for scarcely is there a year that there is not more or less corn spoiled in the crib. The cause for this is generally a lack of space. No crib should be more than six feet wide, high from the ground, and well ventilated, the floor as well as sides.

The Fine Rain.

The splendid rain that is falling this afternoon will be of much value. It will be of great benefit to grass and small grain, will also bring corn fodder into case so corn husking will be more agreeable, and last but not least, it has laid the annoying dust on the roads and streets.

Some Election Returns.

The commission form of government was voted down Tuesday at Winchester while the waterworks proposition won by an overwhelming majority. Clark county went for Wilson by a majority of 912 votes.

Irvine voted \$12,000 street improvement bonds Tuesday. Only forty-two voters in the city registered suffrage against this indebtedness.

Come Home to Vote.

Half a score or more of the boys were on the train Saturday night, coming home to vote for Wilson and Hughes. And they did not all come in on Saturday, as other days brought more of the Powell boys to their native hearth to register their choice for President. The Powell boys are always loyal to their home and party and the only regrettable thing about it is that there is not employment at home for the boys who are so devoted to their home and people.

Why not 1916?

State Division Engineer C. R. Thomas openly told the court at Stanton in one of its recent meetings that the \$40,000 in bonds was enough money to improve every road the court ordered improved Feb. 28th before the vote was had on the bonds, and which order specifically called for such improvement during 1916. Then why delay? Mr. Court, it is up to you to explain. A word in these columns will be appreciated. Let us hear from you.

Why We are Late.

The reason why we are late this week is the senior editor has been forced away from the office every day on account of other business, and the junior editor has also been kept away part of the time, and a portion of the other part time has had to be engaged by him, as all other young Democratic bloods, by Wilson shouts and hurrahs. Our old standby, Mr. J. W. F. Williams, will be with us after this week when we hope to be more prompt in presenting our editions.

Pony Runs Away.

The young pony of A. M. Burgher became frightened Saturday while being allowed to drink in the river. A piece of drift floated downstream, striking the pony which caused it run up the hill, overturning the buggy and badly damaging it. It was being driven by Shelby Burgher at the time of the accident, but who escaped injury.

Court Delayed.

It should be remembered by all that Circuit Court will not convene at its regular term time this month which would be Nov. 20th, but has been deferred to Nov. 27, on account of the necessary absence of Judge Shackelford. It must not be taken that the change is permanent, for it applies only to this one term.

Taking Depositions.

Judge J. Smith Hays and Attorney Chas. F. Spencer, of Winchester, were in Stanton Monday taking depositions in an important land suit which will come up at the November term of court.

Wilson's Vote.

Wilson's total vote for President to date is 8,563,712; the total Hughes vote is 8,160,401. A majority of 403,312 popular votes for Wilson who received several hundred more votes for President than any candidate ever before polled.

STANTON.

(By P. O. Derthick.)

Mr. A. J. Martin was in Lexington a few days ago on business.

Glen Miller and son, of Furnace, were here the past week on business.

J. H. Hardwick, of Winchester, was here last week mingling among friends.

Mr. and Mrs. E. G. Cowgill motored home from Lexington one day last week.

Mrs. Mary Faulkner is visiting Mrs. Ann Hall, of Mt. Sterling, for a few days.

Mr. Ide Boone was at Argyle last Saturday on official business delivering ballot boxes.

Robert Ewen and wife were in Mt. Sterling last Thursday and Friday visiting friends.

Mrs. C. J. Little, of Jackson, stopped off to visit her brother, J. C. Patrick, two days last week.

Mrs. D. H. Eastin, of High Cliff, Tenn., was here last week visiting at the home of Dr. I. W. Johnson.

Bob Stone expects to leave this week for Frenchburg where he will do some work for the new college building there.

A dry well was drilled on Mrs. Tildie Watkin's place on Morris Creek by Mr. Wells, of Winchester, for Mr. Pierce.

Mr. and Mrs. Lee Wheeler Bean and baby, of Winchester, were here visiting Mrs. Bean's sister, Mrs. Fred Blackburn.

Miss Sylvia Skidmore, of Montgomery county, has been visiting friends and relatives here last week and has returned home.

L. F. Martin and family, of Clay City, visited with Mr. and Mrs. Ben Willoughby on Hatcher's Creek over Sunday where Mr. Martin preached.

Grant Frazier is building him a new house. He has put a fine concrete cellar and foundation under it and it will add very much to the convenience of it.

Asa Jones, Guy Frazier, Everett Hall, Os. Johnson and Ben Creed, of Hamilton, Ohio arrived home last week to visit and also to take part in the election.

John Kinser, of Pilot, was here last Saturday. He says they have struck a one hundred and fifty barrel well about three hundred yards from his place on Mr. Ashley's place.

Mrs. Lucretia Rose, the mother of Mrs. Sis Hall, fell last Saturday a week and broke her hip and is very low. Her recovery is very doubtful. She is suffering very much.

Marion Atkinson, who has been in a bank at New Washington, Ind., is home for a visit till after election. He brought Master Marion Atkinson with him to visit his grand-parents, Mr. and Mrs. J. S. Ewen.

Major Blackburn is very sick at this writing. His son Robert and his daughter Mrs. J. W. Thomas, of Jacksonville, Florida arrived to be at his bedside. Mrs. Mollie Law, of Lexington also came and stayed till Monday when she returned to her home. The Major is some better as this is written.

Terrible Accident.

Two men, a team of horses and wagon were blown to atoms at Irvine last Wednesday as a result of an explosion of 300 quarts of nitroglycerine, which the men were hauling to the Furnace fields to be used in shooting oil wells.

The victims of the sad accident were J. C. Crouch and James Edwards, both of Monticello, Ky. They were employed as expert well shooters.

The cause of the explosion will perhaps never be known, but it is supposed that the jolting of the wagon caused the deadly explosive to let go.

Parts of the dead men and horses were found at varying distances from the scene of the accident. A pocketbook belonging to one of the men was found a quarter of mile away.

A large hole was blown in the road as a result of the explosion and window panes were shaken out of the Estill Springs hotel, the Methodist church and numerous other buildings. The oil men of Irvine immediately made good all damage done by the great force of the detonation.

Important Change in School.

Beginning on Monday the 13th we will not require the pupils of the primary department to attend school for the entire day. The 2nd and 3rd grade pupils will be expected in the afternoon.

Parents will please take note of the change. This is not a permanent arrangement but merely an experiment. We will give the plan a few weeks trial and then will ask for an expression of opinion from the patrons. We ask that judgment be withheld until the plan is tested.

Patrons and friends of the school are invited to visit the school and talk with the teachers relative to the work.

[Signed] Neal A. Ranson, Superintendent.

New Hampshire gave Hughes a majority of 70, which may be changed by the official count.

Lennie Crowe will move his family here as soon as they can find a man to take his place at Winchester. We shall all be glad to see him back again. We all like Lennie and he makes a good agent. Mr. Parsons, who has been acting as agent for several weeks has gone to Nada to relieve Mr. Bailey the agent there.

Here is hoping that Hughes will be elected as president of the United States, though we are aware this paper is a Democratic paper. But we believe the country needs a change very badly for we do not see how the working man is going to make both ends meet this winter with prices going higher and higher every day.

Write what you please Bro. Derthick we take just as much pleasure in giving the other side as we do our own side. We love a Republican as well as a Democrat. An honest outspoken individual is always the kind of our liking. If they say something we cannot reply to all right.—Ed.

LEST WE FORGET

Below is the order of the Fiscal Court that got the vote for road bonds in Powell county. It calls for the improvement of six roads during 1916. If these improvements are not begun in 1916 as promised we have no hope of ever getting them. But we intend that the members of this court shall be haunted from time to time with their broken promises staring them in these columns. This order was published both in the papers and in hand bills, and it was said that the bond issue would lose if this order were not put before the people. From the action of the Court now, may we conclude that this order was made for the sole purpose of keeping the bonds from losing?

And Gain an Idea Where the Money for Good Roads in Powell County will First be Spent.

The law requires where counties make application for State Aid, these counties must state what roads are to be improved, and the approximate distance of each. The State will consider no improvement until after the inter-county seat roads are first improved; neither can the Fiscal Court make a change in its order after it has been certified to the Road Commission at Frankfort. The resolution order has been certified to as follows at a meeting of the Fiscal Court February 28th in which the full Court was present, and can not be changed or altered:

"Be it Resolved, That the public interest demands the improvement and construction of public roads on all the county seat roads, hereinafter described, on the most direct and practical routes; and it is the sense of this Court that said roads be improved under State Aid and State supervision during 1916.

"Therefore, It is Ordered, That the Fiscal Court of Powell County petition the State of Kentucky and the State Commissioner of Public Roads for county's proportionate share of the State road fund, for the use of this county for the improvement of described roads, and agrees to furnish a like amount.

"It is further Ordered, That a copy of these Resolutions and a copy of this Court Order be certified to the Commissioner of Public Roads for his approval."

"Those voting in the affirmative: J. A. Sewell, Chas. Welch, G. B. Caudell, Chas. A. Means and G. S. Spurlock.

"Those voting in the negative: None.

Mail Order Kills Towns.

When your catalogue comes from the mail order house, wait until you get home before removing the wrapping, then wait until after supper, when the chores are done, draw an easy chair to the table where the light will shine full on the pages, put on your glasses, that no bargains may escape your eye, and settle down for an hour of quiet enjoyment, says the "Price-Current."

What a wonderful book it is to be sure—wonderful for what it does not contain, as well as for what it does. We miss some things we would be glad to see. Where is their offer to pay cash

or exchange goods for your wheat, oats, corn, sheep and hogs "free on board?"

How much tax will they pay for improving roads and bridges, for the support of the poor, the expenses of the town, county and state? On what page is their offer to contribute money or services in the establishment and maintenance of a church or Sunday school for the moral tone of your community?

What line of credit will they extend to you when your crops are poor, your money gone, when through illness or misfortune you are not able to send cash orders, for your groceries, clothing, farm tools and crockery? Where is

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

NEW ILLS COME WITH PROSPERITY

Nervous Indigestion Alarmingly Prevalent Everywhere.

DUE TO BREAK-NECK LIVING

Tanlac Health Expert Describes Symptoms of Rapidly Spreading Malady and Expounds New Treatment Which is Having Wonderful Success Wherever Introduced.

Nervous indigestion, due to the modern break-neck speed of living, has become alarmingly prevalent everywhere.

This statement by the Tanlac health expert has created much comment. He continued:

"I have never seen a time when there seemed to be so many cases of nervous indigestion among men and women in all walks of life.

Here Are Symptoms.

"The symptoms are extreme irritability, nervousness, loss of appetite, sleeplessness, and an almost unconquerable restlessness. Everything the victim eats disagrees with him. There the pains in the abdomen and palpitation of the heart. Such cases are usually accompanied by constipation.

"I attribute the prevalence of this trouble to the fast pace at which both men and women are forcing themselves to live. Everybody is engaged in a wild scramble for wealth during this high tide of prosperity.

"The will power can drive the human machine just so far, but there is a limit. The health breaks down all at once and the victim is miserable and unhappy—just half sick. Life loses all its zest.

How Tanlac Helps.

"I have had hundreds of people call on me describing just such symptoms. They try Tanlac, and in a week or so most of them tell me that it is helping them to 'get on their feet again.' Tanlac was specially designed to relieve conditions resulting from nervous indigestion and kindred complaints. Everywhere it has been introduced it has had wonderful success."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in CLAY CITY by Eaton & McGuire.

RADIUM FROM SEA WATER

Professor of University of Alabama Believes Riches May Be Obtained From the Ocean.

Prof. Stewart J. Lloyd of the University of Alabama has recently published the results of an examination for radium of a sample of water obtained in the Gulf of Mexico, about two hundred miles south of Mobile, and has given in this connection a resume of the results obtained by other investigators in measuring the radium content of sea water. The writer explains that the growing recognition of radium as an important factor in geological processes has led to many analyses of rocks, soils, springs and river waters for that element, while our greatest reservoir of radium, the ocean, has received but little attention. Joly, who examined samples from several oceans and seas, obtained a value for the radium content so high that it cannot be reconciled with the values obtained by Eve and Satterly for the North Atlantic, and Lloyd for the Gulf of Mexico. Excluding Joly's results, the author finds the average to be 1.2×10^{-12} gram of radium per liter of sea water, which would make the total radium content of the ocean about 1,400 tons.—Scientific American

James Harrison has torn away the greater portion of his residence on the old Jas. P. Wright farm and is rebuilding a substantial home on the same site. We are glad to note the progress Mr. Harrison is making.

Floyd Halsey, of Montgomery county, was here last week and bought fifty-six head of cattle of various kinds and sizes, by the pound and by the head, basing his prices around 5 cents for heifers and 6 cents for steers.

Mr. and Mrs. Everett Fraley left Monday of last week for Indianapolis to make their future home. Mr. and Mrs. Fraley are good people whom we were loathe to give up, but wish them the success which they so richly deserve.

serve in their new home.

Lawrence Sylvester, the little 14-months-old son of Mr. and Mrs. Owen Patrick fell into a pan of hot water Sunday and was badly scalded about one side, shoulder and the neck. At first it was thought the child's injury was slight, but it grew worse on Tuesday when Dr. Martin was summoned.

The people of this portion of Estill county gave \$400 on a Powell county bridge in 1907. We will give just as much on the Estill county pike promised before the vote on the bonds if they will build it. The court seems to not want this road. They only wanted the votes and then the money to build a few select miles of road, it now seems.

CRUISERS OF THE NAVIES

Not Altogether Easy to Understand Why the Name Should Have Been Given Them.

It is certainly strange that one particular class of ship should have been singled out for the title of "cruisers," more especially as the great majority of them have a much smaller cruising capacity than the majority of battleships. Our first ships to which the word was applied (the admiralty then spelt it with a "z") were the picturesque vessels of the old Amphion class, launched in 1883, and shortly after a clean sweep was made of the term "corvette." In the steam era the word cruiser has become associated more particularly with speed, though there is no apparent connection. Many cruisers now doing useful work are, too, considerably slower than modern battleships, while the 25-knot Queen Elizabeths are nominally as fast as and probably, in practice, faster than the battle cruisers of the Invincible group. These "15-inch battleships" ought really to be grouped with the battle cruisers, with which they have several points in common.—London Globe.

Road Improvement Bonds.

Bids will be received by the Fiscal Court of Powell County, Ky., until noon, November 22nd, 1916, for \$40,000 road improvement bonds. These bonds are to bear 5% interest, payable semi-annually. Address I. S. BOONE, County Clerk, Stanton, Ky.

Notice to Bond Buyers.

The undersigned hereby serves notice to bond buyers that I believe the requirements of the law have not been complied with in regard to the voting, the issuing, the selling and apportioning of the \$40,000 in road bonds in Powell county, Kentucky, and that as a citizen and taxpayer, and acting upon request for a number of other taxpayers, I hereby serve notice and warning that the collection of tax to provide a sinking fund and to pay the interest on these bonds, will be resisted through the courts.

J. E. BURGER, Citizen and taxpayer, and acting for other taxpayers of said county.

Powell Circuit Court.

George Forkner, Guardian, Plaintiff, vs. Earnest Forkner and Austin Forkner, Defendants.

The Guardian, George Forkner, will on the 30th day of November, that being the third day of the November term of the Powell Circuit Court, at Stanton, Powell County, at the Court house, offer to lease to the highest and best bidder for the purposes set out in the judgment and at such terms as may be directed by the Court for the development of oil and gas and such privileges attendant thereto, a certain tract or parcel of land situated in Powell County, Kentucky, and on the waters of the middle fork of Red River, and bounded as follows, to-wit:

Bounded on the north by Ky. Union Land Co.; on the east by the land of Asie Bowen; on the south by George Forkner and H. S. McKnabb; on the west by the lands of Chas. Pasley and Steve Brewer; containing 842 acres more or less.

The above lease will be executed subject to the approval of the court. This the 8th day of Nov. 1916.

GEO. FORKNER, Guardian.

RELIGIOUS.

The revival meeting which has been in progress at the Methodist church for the past 17 days closed Sunday night with a number of conversions and the church strengthened as never before. Words cannot begin to tell the good effect the grand sermons Bro. Spell preached had on all those who heard him. He labored so earnestly day after day and night after night to get all prejudice out of the hearts and minds of the people and to get them to see the value and the importance of full salvation. Bro. Spell was not alone in his great work but had for his helpers Bro. Wilson, the pastor of the church, Mother Burke, Bro. and Sister Guinn, who helped in many ways, and in the last nights was also assisted by Bro. Brandenburg who is always a welcome visitor in our town, and to know him is to love him. We trust, and do sincerely believe the whole town is made better by such Gospel truths which were so clearly presented to us each time, as only such as are filled with God's love can present to their congregation. We will also add that our prayer is that our town will be blessed over and over and over again by such eminent people, and people that are so full of the Holy Spirit as are the above named, which we know will always prove to be a blessing to any town or community.

No More Backache for Her.

Mrs. J. M. Gaskill, Etna Green Ind., writes: "I suffered from severe backache, and sharp pains shooting through my back until I could not stoop over and get up without aid. Urinary trouble seemed to be the cause of it all. A single box of Foley Kidney Pills gave me such relief that I cannot praise them too highly." This standard remedy for kidney and bladder ailments can be taken with safety for backache, swollen ankles, and rheumatic pains. Sold everywhere.
